*Great idea*

Tsunami situation

In 2005 Tom, Edd and Matt had many fans and the TV was on. Soon all the heater electricity melted some ice and collided with the ocean. Also made a massive Tsunami. A few minutes later Tom walk outside and saw the Tsunami.

*fantastic sentence*

Tom ran inside to go tell Edd, "TOM! EDD! THERE'S A TSUNAMI COMING!" While Matt is looking at himself in a mirror (like "he" always does) heard ALOT of racket outside. Matt runs outside to see a tsunami right in front of their house.

*fantastic sentence*

Instead of standing there in sheer fear, all three of them sprung right into action. Tom called fire fighters. Matt started to squeal inside, while told Matt to shut off the electricity. Without fussing. Matt turned off all the power. Then the Tsunami started going backwards. All of the buildings got spat out of the monster wave. Then the ice was broken at the bottom of the ocean as it melted.

Wonderful written work by Mark from 4/5X ~ He wrote a great creative narrative about a tsunami and can be very proud of his efforts! Very well done!
